RE: Closed Captioning Exemption Petition
Case Identifier: CGB-CC-1152

Gentlemen:

In response to the request for more information on Mountain of Blessings Christian Center's petition for exemption from the closed captioning rules, case identifier CGB-CC-1152, we have attached the requested financial documentation for our ministry and quoted costs for closed captioning.

This information will show that closed captioning at the current cost of \$308 per broadcast would present us with a significant cost which would far exceed our current budgetary constraints.

In addition to this, we have confirmed that our video program distributor, The Church Channel a subsidiary of Trinity Broadcasting Network, does not offer any closed captioning assistance. We are a faith based ministry that airs on a national television network; the concept of having a sponsor to aid with the captioning efforts was not something that we would consider as it would be counterintuitive to faith based programming. This was not an option that was presented or discussed in our original petition request.

We kindly petition the FCC and seek the exemption based upon the multiple financial factors that would make it difficult to continue airing the TV program.

Sincerely,

Dr. Dimitri Bradley
Senior Pastor
